

Repair and Construct New Entry Building 607

Grand Forks Air Force Base, North Dakota

Contract No. : F32605-03-D-C005

Contract Amount: \$3,194,678

Contract Type: Single Prime Contract

Owner: U.S. Government

Architect: Johnson Laffen Galloway Architects, Ltd.

Completion: December 2004

Project Description: Renovation of office space, remodel of corridor, restrooms, office and main equipment court, new construction of entry/roof and lobby including mechanical and electrical systems and landscaping exterior building area and grounds. The project included structural changes to accommodate wall relocation and three large skylights, relocation of transformers and update of mechanical and electrical systems. More upscale finishes were utilized to provide enlistees with a better quality of life in the work place. The building is used as a military command post and therefore has high security areas. Project scheduling and coordination of construction details were crucial to maintain acceptable security levels throughout the project.
